# EXPERIENCE OUR NEW MEETING SPACE.

Few Central Coast properties have a reputation as memorable as Crowne Plaza Terrigal Pacific. In 2019, the national award-winning conference and event facilities at the venue will undergo a major refurbishment during June and July.

Enlisting the expertise of interior design company Make Architects, this will be the first full renovation of this space in the last 10 years. The conference space refurbishment will include a modern look for meeting and break-out areas with upgraded bar and coffee facilities, carpets and interiors along with the installation of state-of-the-art audio-visual equipment.

Working with new AV partners Encore Event Technologies, the digital upgrades will include the installation of 'e-concierge' to support meeting coordinators, upgraded digital signage throughout the hotel and upgraded laser projectors throughout the meeting spaces.

The upgrade will also include access to Encore meeting enhancements such as the Cumulus Event app, designed for event planners to instantly and easily share relevant event information with delegates, Catch Box Q&A microphones and Scenic Panels to combine theming and technology to create a 'signature set' look.

Crowne Plaza Terrigal Pacific General Manager Ryan South said the investment highlights the commitment of both the Pacific Hotels Group and IHG to the conference and events industry. "Meetings and events business is very important to us, with a strong focus on providing exceptional service, unique conference experiences and a touch of coastal inspiration from our beachside location. Upgraded conference and event facilities will give us the ability to continue providing the highest quality to all business events held at our Central Coast venue."

The conference space to be refurbished is amongst the largest on the Central Coast with capacity for up to 450 conferencing guests.

Smaller meeting rooms will continue to be available during this period for meetings with up to 60 delegates with the Crowne Plaza meetings and sales team available during the closure to continue taking business enquires and assisting with event bookings.
